SUMMARY AND LEARNING OUTCOMES:

General Objectives :

This course aims to provide both practical and theoretical knowledge of grammatical, lexical, and stylistic phenomena in English and Albanian. It seeks to establish a clear connection between translation and other related modules from a multidisciplinary and interdisciplinary perspective. The course intends to develop students' personal and interpersonal skills for handling texts across various genres and functional styles, especially those related to media. It also aims to enhance students' problem-solving abilities in translating texts of varying difficulty.

Specific Objectives :

By the end of the course, students will have a deeper awareness of the role translation plays in effective communication. They will be able to integrate translation skills with English language teaching and learning. Students will develop competencies that span disciplinary, interdisciplinary, and multidisciplinary fields. They will also master techniques for comprehending and translating authentic texts, especially media-related texts, while applying relevant grammatical, lexical, and stylistic knowledge.
