SUMMARY AND LEARNING OUTCOMES

General course objectives:

This module requires continuous engagement and active student participation, based on an interactive teaching approach. The *Alter Ego B2+* method aims to deepen linguistic, communicative, and cultural competences in French through authentic materials and informative, descriptive, explanatory, and argumentative texts. The pedagogical approach is based on observation, analysis, and interaction, developing both oral and written communication skills as well as knowledge of French culture.

Specific course objectives:

- To achieve B2 level competence in communication according to the Common European Framework of Reference for Languages (CEFR)
- To communicate independently, orally and in writing, on various topics of personal and professional everyday life
- To select and use appropriate vocabulary related to topics such as education, profession, leisure, etc.
- To narrate events in the past and express emotions, wishes, and feelings through personal letters

Expected learning outcomes:

- Oral and written communication skills, including the ability to understand and read different texts according to B2 level requirements
- Social and civic competences: promotion of group work and awareness of social and cultural issues
- Intercultural competence: understanding different cultures and cultural diversity
- To understand the main points of a discussion when clear and standard language is used, especially on familiar topics such as work, school, and leisure
- To be able to produce simple and coherent speech on familiar topics and areas of personal interest
